SC junks plea for restoration of railway fare concessions offered to senior citizens

PRESS TRUST OF INDIA New Delhi, April 28

THE SUPREME COURT on Friday dismissed a petition seeking restoration of the concessions in train fare that was offered to senior citizens by the railways before the Covid outbreak, saying since it's a matter of state policy it will not be appropriate for the court to issue a direction to the government.

A bench of Justices SK Kaul and Ahsanuddin Amanullah was hearing a plea filed by MK Balakrishnan for restoration of the concessions that was discontinued in order to stem the spread of the disease.

"It would not be appropriate for this court to issue a writ of mandamus in a petition under Article 32 of the Constitution. It

is for the government to take a call on the issue keeping in mind the needs of the senior citizens and the fiscal repercussions. Dismissed," the bench said, rejecting the petitioner's contention that the state has an obligation to grant concessions to the elderly.

The Centre had in 2020 discontinued the concessions granted to senior citizens to discourage the movement of people to arrest the spread of Covid-19. A parliamentary standing committee recently recommended resumption of the concessions that was granted to senior citizens before the onset of the pandemic. The Indian Railways used to offer a 40% discount in fares to males aged 60 years or more and 50% to females over the age of 58 years.

not only from the security point of view, but is also a major obstacle in the path of socio-economic progress of society."If we want to make the SCO a stronger and more credible international organisation, our top-most priority should be to effectively deal

with terrorism," he said. Singh's remarks came days

after a terror attack in Poonch claimed the lives of five Army soldiers. While the perpetrators of the attack are yet to be identified, investigations have pointed towards the involvement of Jaish-e-Mohammed

(JeM) and terrorists from across the border.

Pakistan Defence Minister Khawaja Asif, who had been invited to SCO meeting, did not turn up. Instead, Malik Ahmed Khan, special advisor to the Pakistan Prime Minister on defence, attended it through video conference. Later, Defence Secretary

Giridhar Aramane said all member states reached a consensus on several areas of cooperation, including dealing with terrorism, security of vulnerable populations in various countries as well as HADR (humanitarian assistance and disaster relief). All member states, he said, were unanimous in their statements that terrorism, in all its forms, must be condemned and eliminated.

MITHUN DASGUPTA Kolkata, April 28

THE HEALTH INSURANCE segment is on track to cross the ₹1trillion mark during the current financial year as the total premium already crossed ₹90,000 crore in the previous fiscal. Total premium rose to ₹90,667.7 crore in the last fiscal, from ₹73,598 crore in FY22. Total health premium had stood at ₹58,684.2 crore in FY21,

according to CareEdge Ratings. CareEdge, in a note, said health insurance premiums have been the primary growth lever of the non-life insurance industry. "This has resulted in the segment increasing its market share from 29.5% for FY21 to 35.3% for FY23. The health segment has grown by 23.2% for FY23, which is lower than the growth of 25.4% witnessed for FY22," the rating agency said.

"This is because of the Covid, which has been the game changer for the health

insurance business. Before Covid, motor insurance was the leading portfolio. But now, everyone becomes health conscious, and it looks like health insurance will continuously be the leader in the non-life insurance sector,"Anil Kumar Aggarwal, MD & CEO, Shriram Gen eral Insurance, told FE.

The group health segment has witnessed growth primarily due to the rationalisation of discounts in premiums.

"Standalone health insurance companies' focus is on retail, while general insurers account for a dominant share of group. The FY23 premium growth of the SAHI continues to be higher than the industry average. This has led to an SAHI holding 28.9% of the health insurance market (increasing their share from 26.8% in FY21). Interestingly, private players and SAHI have a similar share in FY23, while public peers have grown at a slower pace, CareEdge said.
